

LIFT WITH EASE

Efficient and ergonomic
material handling

Item No.: 3533

Bottle gripper 3533

Type of lifting object	Bottle
Weight (kg)	15
Industry	Beverage industry
Serial number	3533
Gripping technique	Mechanical
Optional control	Balancing

This lifting tool has been customised to lift cases of 24 PET bottles (1.5 litres). Once the gripper is placed on top of the bottles, it automatically grips the bottles from under the caps. You can then lift and manoeuvre the bottles speedily and safely. The bottle gripper replaces the work of lifting by hand and reduces the risk of repetitive strain injuries brought on by manual lifting.

Do you need to lift more or fewer bottles? We are happy to make a similar customized gripper for your bottles! [See examples of other lifting tools we have made for beverage packaging here.](#)
