Optional control	PSH
Noise Level (dB)	68

Combi-gripper for drums – Versatile and easy to clean

This combination lift for barrels can effortlessly lift four different types of barrels weighing up to 70 kilograms. Using a steering wheel, the load can be rotated 180 degrees, making it possible to empty the barrels or more easily wipe their undersides. The gripper is highly polished for easy cleaning, making it suitable for use in clean room environments. Because the lifting tool is powered by compressed air, it has extremely low energy consumption and a low noise level.
