Type of lifting object	Door
Weight (kg)	79
Maximum capacity (kg)	115
Industry	Wood and furniture industry
Serial number	3231
Function	Rotation
Optional control	PSH
Gripping technique	Mechanical

Fitting doors is a heavy and awkward job, but with Lifts All's smart door and frame gripper you can easily lift doors and frames up to 115 kg. The door gripper can be adapted to doors of different types and sizes. This means it is both versatile and useful. The lifting tool can also rotate doors and frames sideways, which enables mounting doors with precision and accuracy.

Many carpentry and manufacturing industries use our door lift to facilitate assembly work. Maneuvering it is easy! The gripper clamps the load in a secure grip by gripping at four points. The door can easily be moved to the desired position without damaging the door or frame. Lifting doors has never been easier!
