Efficient and ergonomic
material handling

Item No.: 89-12006

Gripper for glass bottles 89-12006

Type of lifting object	Bottle
Weight (kg)	23
Maximum capacity (kg)	30
Serial number	A6535
Gripping technique	Mechanical
Optional control	PSH
Industry	Beverage industry
Noise Level (dB)	69

This gripper for glass bottles is used in the beverage industry to lift up to 20 bottles at a time. The lifting tool works with the help of impellers, which use compressed air to securely clamp around the necks of the bottles. Instead of lifting the bottles one by one, the operator can grab several bottles at once. This avoids heavy, monotonous lifting that strains the body and can cause wear and tear injuries.
