material handling

Item No.: 89-10117

Manhattan Roll gripper 89-10117

Type of lifting object	Roll
Weight (kg)	53
Serial number	4565
Gripping technique	Manhattan - Lift High, Mechanical
Optional control	PSH

Manhattan Roll gripper- Lifting tool for rolls

The Manhattan roll gripper is the perfect lifting tool for workplaces that handle rolls of products, such as steel rolls, paper rolls, cloth and plastic rolls, etc. The roll is gripped from its core and can then be manoeuvred, tilted, rotated and placed high up on a pallet, which is a great advantage in small and constrained working spaces. Instead of manually lifting and moving each roll, the manoeuvre is now safer, swifter and weightless.
