Efficient and ergonomic
material handling

Item No.: 89-10861

Tray gripper 89-10861

Type of lifting object	Medicine
Weight (kg)	38
Maximum capacity (kg)	32
Industry	Pharmaceutical industry
Serial number	5220
Gripping technique	Mechanical
Optional control	Balancing

Tray gripper for the pharmaceutical industry

This customized gripper lifts trays of respirators in clean room environments of the highest standard. To meet these requirements, the compressed air in the vacuum gripper must be expelled from the clean room to avoid any possible risk of contamination. The entire equipment has been designed to be washable with ethanol several times a day.

3-point balancing ensures that the grapple is perfectly balanced both with and without a load.
